

## Merry Christmas!

The Katanacho Tribe wishes all of you a wonderful Christmas season. We think of you this Christmas and pray that God will bless both Palestine and Israel with peace and justice.

Our youngest boy, Christopher, has started to learn the alphabet in Arabic. He is a very rational boy and he surprises us with logical questions. Our Second Child, Jonathan, is now six years old and is learning math, Arabic, religion, and English. He loves numbers and enjoys addition and subtraction. Immanuel is now in the third grade. He is learning three languages (Arabic, English, and Hebrew). He is a very smart boy and we give him a financial reward for every perfect grade that he gets. He is costing us too much so I might change this law.

Dina and I have been busy with serving the Lord. Dina continues to lead the Arab Israeli Bible Society. She has been able to provide thousands of Bibles to the Catholic community in Israel, provide portions of scriptures to many Arab women, and she is now working on several important projects. One of them is teaching children about peace. She convinced me to write this book. It is called the King of Peace and His Young Followers. The book includes stories from the Bible as well as contemporary stories from the lives of the children. I have finished writing the book and Dina is now working hard to make sure that the final product is well designed and attractive for children. I have also finished another book in English about the theology of the land. I hope to have it out in March 2012 and I will share later about it.

Please pray for (1) our children and their schooling, (2) the book "The King of Peace and His Followers" that God might use it to spread peace among young Palestinian Israeli children (3) for our trip to Illinois – USA during January 6 – 16, 2012.

## Merry Christmas to all of you

Yohanna, Dina, Immanuel, Jonathan, and Christopher Katanacho
